Verse 1: **Ebm B Gb Db**
Open up wide, swallow down deep. No spoonful of sugar could make it sweet.
Ebm B Gb Db
The cancer inside, stealing my sleep, night after night it keeps haunting me.
Ebm B Gb Db B
The secrets I keep are tearing me up inside, I try to hide them and I wonder why.
Bbsus Bb
I wonder why I'm still runnin' when I know there's no escaping.

Chorus: **Ebm B Gb Db**
Come undone, surrender is stronger, I don't need to be the hero tonight.
Ebm B Gb Db
We all want love, we all want honor, but nobody wants to pay the asking price.

Turn: **Ebm B Gb Db**
(Oh, oh…)

Verse 2: **Ebm B Gb Db**
Fall on my knees, swallow my pride, I'm tripping over all the times I've lied.
Ebm B Gb Db
I'm asking please, but I can see in your eyes, you don't need tears for alibis.
Ebm B Gb
It's true what they say, love must be blind,
Db B
that's why you're still standing by this sinner's side
Bbsus Bb
You're still by my side when all the things I've done have left you bleeding.

Bridge: **Ebm Gb B Db**
I don't think I can drive it home to night. (Oh)
Ebm Db B Db
I don't think I wanna be alone tonight. (Oh)
Ebm Gb B Db Ebm Bbsus
(Oh, oh. Oh, oh.)

(Chorus out)
